INDEX.

ACCUMULATOR, Electrical,
„ Factory in Milan, 13
Accumulators, Electrical,
„ Portable, 447
„ Value of, 411
Amalgamations, 310
American Association for the Advancement of Science, 237
„ Electrical Exhibition, 312
„ Machinery, 286
„ West Coast Telephone Company, Limited, 349
Ammeter, Paterson's, "engine room," 220
Anglo-American Brush Electric Light Corporation, 469
Apparatus for testing carbon rods, 503
Appeal *re* cables, 468
Application of the forces of nature to the production of electrical energy, 357
Armington & Sim's engine, 164, 386
Artificial lines, 242
Atlantic cables, The new, 328, 364
„ traffic, Will, support two new cables? 213, 287
Automatic circuit closer, 346
„ printing of telephotic despatches, or those transmitted by light, by M. Martin de Brettes, 39
Awards, 227, 238
Ayrton, Profs. W. E., F.R.S., and Perry John, M.E., on Electro-motors and their government, 114, 139, 153, 179, 193, 214
„ Profs. W. E., F.R.S., and Perry John, M.E., on the measurement of the electric resistance of liquids, 61

BARNEY, W. C., on The late telephone patent case in the United States Patent Office, 302
Ball Electric Manufacturing Company, 483
Battery, New chromic acid, 388
„ oxide, A new, of copper, by MM. F. de Lalande and G. Chaperon, 59, 102
Batteries, electric, Improvements in, 388
„ secondary, Report on, by MM. Monnier and Guitton, 377
Beckingsale, E. W., Electric light and power conductors, by, 46, 218
Bell, Prof., 365, 457
Bellati, M., on a new and very simple electro-dynamometer for very feeble alternating currents, 323
Ben Nevis observatory, 247, 348
Bennett-Mackay cables, The, 364, 426, 448, 484
Bennett's system of over-house construction, 362
Berlin International Telegraph Congress, Forthcoming, 362
Bexhill Water and Gas Company, 449
Bills of sale filed, &c., 227, 312, 329, 365, 427, 487
Block system, The, 468
Bohnenberger's Electroscope, 486
Boilers, Lighting the interior of, 386
Bombay Electric Light Company, 214
Boulanger, M., on the electrical transmission of power, 259, 280
Bradford in darkness, 412
Brazilian Submarine Company's cables, 408, 448
Breguet, Louis, 348, 382
Brettes, M. Martin de, on automatic printing of telephotic despatches or those transmitted by light, 39
Bridge, A rheostat, 61
British Association, 227, 233, 253, 275, 301
British Electric Light Company, 510
Brown & Saunders's telephone call apparatus, 504
Brush Electric Light and Power Company of Scotland, 186, 247, 364
„ Electric Light Works, Rochester, New York, 159
Bunsen cells, The electromotive force and resistance of, 481

CABLE, An Atlantic, 311
„ Batavia and Telok Betong, Destruction of, 206
„ The Bennett-Mackay, 364, 426, 448, 484
„ Canary Islands, 441
„ Company, The Direct United States, 410
„ duplication, 85
„ James Hueston, The, 387
„ A new, in the North Sea, 398
„ Proposed new, 364, 426
„ „ to Suakim, 468, 484
„ „ between Tonquin and Cochin China, 448
„ Saigon-Haiphong, The, 480
„ The Tonquin-Hong Kong, 409, 426
CABLES—
Brazilian Submarine Company's, 408
Anglo-American Telegraph Company's, 426
Hadley Atlantic, 426
Light *v.* heavy, 457
CABLES, INTERRUPTIONS TO—
St. Vincent, Pernambuco, 245
CABLES, NEW—
Atlantic, 14, 65, 147, 184
„ Will, traffic support two, 213, 225, 245, 287
Brazilian Submarine Company, 347
Elsinore-Helsinborg, 287
Indo-Australian, 107
Pacific, 206
Saigon-Bangkok, 67
Spanish National, 225
Vladwostock-Nagasaki, 67
CABLES, REPAIRS OF—
Aberdeen and Egersund, 106
Amoy-Shanghai, 245
Cables, Submarine, 39
„ „ Speed of working, 385, 409
„ subterranean, New system for, 380
Cables upon cables, 343
Capital, Fresh, 125
Carbon rods, Apparatus for testing, 503
Cardew's voltmeter, 508
Central News Telegraph Company, 412
Chicago exhibition of railway appliances, 12
„ Telephone Company, 484
Circuit closer, Automatic, 346
